Account No.: 917010044917780	IFSC Code: UTIB0000884

ABOUT CONFERENCE

The National Education Policy (NEP) 2020 marks a pivotal shift in India's educational framework, striving to establish a system that is inclusive, equitable, and holistic. At the heart of this vision is the emphasis on multicultural education, which recognizes and honors India's rich cultural diversity. The upcoming conference, "Cultural Sensitivity and NEP 2020: Building Inclusive Education Systems," aims to explore how these multicultural principles can be seamlessly integrated into the NEP 2020 framework. The goal is to foster an educational environment that not only celebrates diversity but also equips students with the skills and understanding necessary for a globalized world.

Multicultural education is essential in a diverse nation like India. The country's vast cultural, linguistic, and ethnic variety enriches society but also presents challenges in providing equitable access to quality education. Traditional educational systems have often reflected a monocultural perspective, sidelining minority cultures and languages. NEP 2020 addresses these issues by promoting an inclusive curriculum that mirrors India's diverse heritage.

OBJECTIVES:

The primary objectives of this conference are as follows:

- *To Promote Awareness and Understanding of Multicultural Education Principles within the NEP 2020 Framework.*
- *To Facilitate the Exchange of Best Practices and Strategies for Implementing Multicultural Education.*
- *To Identify Challenges and Develop Actionable Recommendations for Enhancing Multicultural Education under NEP 2020*

ORGANIZING COMMITTEE:
