ACTION TAKEN ON REPORT

Action Taken on Report

1. The suggestions for infrastructure & seating arrangement have been forwarded to the Management, GRDCE. The Management has started with the process but due to financial crunch, it has been put on hold.
2. Installation of Air-Conditioners in the class-rooms are not possible due to scarcity of funds & commercial rates of electricity. But, the students are provided with AC facilities, in the computer lab, library, & Multi-purpose Hall.
3. Due to less number of students accessing canteen facility, the canteen Vendor ~~provide~~ is unable to recover its cost & investment. Hence, only selective items are provided on need basis.
4. Educational excursions/visits are organized as per the requirement of the course as well as the availability of the time. Longer outstation trips are organized on the request of students only.
5. The college is already following the norms of 5 days study week. Demand of 4 days study week cannot be fulfilled due to Semester system & need to complete the course in time.
